

Listen to a song of your choice. Complete a journal describing the song and why you chose it. Some topics to consider are: who is the artist, where are they from, how many artists are in the group, what is the name of the song, what instruments are being used, what genre /style is it, why did you choose it, how does it make you feel, when do you listen to it the most, etc? You can use bullets or paragraph form to describe your song. You can write about it in your binder or put it in an note on your phone. We will do this weekly so make sure to keep up with each of them!
